Hello sir, undoubtedly your way of teaching is very good. He inculcates us and we understand each and every syllable taught by you. It is very impossible to find a guide or teacher like you. You are very honest towards education and the work you do in the name of God, not the message, is very sacred. Not only me, every student who is receiving this knowledge of Vastu from you will feel that he has found not only a Guru but also a true human being in life. Your way of teaching is really very different and very good. We all pray to the Lord that you may live a long life and remain healthy and in the same way you do this teaching work and get a lot of prestige and fame.

Thanks [Dr Rudresh Singhal, Roorkee,

Jai Shri Krishna. I have enrolled myself for two subjects under Ananthadrishiti. Pyramid Vastu and Magical Yantra courses. Trust me I didn't expect such a vast knowledge base of Nandhakiishoreji and Vinetji. They have bundles of knowledge and inputs to render to their students. I have attended any number of courses on Astrology, Numerology and Vastu from other sources. The amount of knowledge I gained was just near to nothing. Also ended up with confusions. But here in Anantadrishiti we grasp the subject at one go and no confusions at all. Best part is that both the Gurujis have lots of patience to answer our queries with smiling face and also quickly compensate each other for handling the situation and making things very clear. I am really happy to be part of this family and want to gain more and more knowledge for myself and to succeed in achieving my goal in learning occult science.

I would recommend all those who are interested in occult science to be part of Ananthadrishiti to get Ananthanatha Knowledge. Thanks a lot to the team working towards spreading this science along with Sanathana Dharma.

Radhe Radhe 🙏

The course is excellent. The best thing is that Dr. Nandkiishore ji explains the subject in a very - very simple way, easy to understand with deep & in-depth knowledge. He wants to give every knowledge related to the subject that he has whole heartedly.

I wish him all the best .

Thanks

It is really a nice experience. The teaching ability of our Guruji is fantastic. My humble suggestion is that ,use more English,it will be more effective for us,if so you can expect more students from non Hindi speaking states

Thanks a lot
